About Us

Our family came to America in 2003, we left our home in Napoli, but brought Italy with us. For years, we imported our Italian favorites to our family owned restaurants. We realized the consistent lack of quality pervading the wine industry. Subsequently, we saw room for innovation, and that is why Wine Stream was established.

We are currently a proud family-run business, located in Tampa, Florida.

Wine is our specialty, let us make it yours too!
